

JOBY® 

JOBY creates
iconic products
that inspire the
creative and
active lifestyle

We seek to inspire by delivering creations that are revolutionary, memorable and simple to use. The results win attention (which we secretly crave), but our proudest moments are when our products ignite your creativity.

GorillaPods help you capture the envy-inducing perfect image from virtually any angle. A photographer's gear bag essential since their launch in 2006, from new enthusiast to seasoned pro, GorillaPods come in every size to inspire your creativity.

gorillapod

Original flexible point + shoot tripod

The JOBY GorillaPod is the lightest and most versatile camera tripod available today. Featuring over two dozen flexible leg joints that bend and rotate, the GorillaPod will firmly secure your compact digital camera to virtually any surface. Lightweight and portable, the GorillaPod is the ideal camera accessory for photographers on-the-go. Wrap it around a tree or perch it on a rock - the GorillaPod can handle just about any environment!

Designed for compact digital cameras up to 325g (11.5oz)

Available in gray, red, pink, orange, yellow, green and blue

Size 15 x 3 x 3cm / 5.9 x 1.2 x 1.2"
Weight 45.3 g / 1.6oz
Adapter Removable clip with universal 1/4" tripod screw
Quantity CP = 10 / MC = 120

gorillapod
MAGNETIC™

Bendable tripod with strong magnetic feet

With the addition of super-strong neodymium magnets in the feet of the original GorillaPod, you can now position the flexible tripod on any magnetic surface. On a car, on a pole, or on a fridge, discover the perfect surface wherever your travels take you!

Size 15 x 3 x 3cm / 5.9 x 1.2 x 1.2"
Weight 45.3 g / 1.6oz
Adapter Removable clip with universal 1/4" tripod screw
Quantity CP = 10 / MC = 120

Powerful magnetic feet

Designed for compact digital cameras up to 325g (11.5oz)

Always-with-you point + shoot tripod

The GorillaPod Micro 250 is a durable tripod when you need one and a lightweight, always-on support when you don't. The sleek form is convenient to carry and fits in any camera case or pocket. Auto-fanning leg deployment provides instant setup and a machined aluminum positioning ball allows for 36° of movement in any direction. Plus, rubber foot grips provide dependable, rock-solid stability. Now you can star in every photo or video, wherever your adventures take you.

Designed for point and shoot cameras up to 250g (8.8oz)

Sleek, always-on design

Available in gray, red and blue

Size 6.6 x 1.9 x 1.5cm / 2.6 x 0.7 x 0.6"
Weight 26g / 0.9oz
Adapter Universal 1/4" tripod screw
Quantity CP = 4 / MC = 40

Portable, instant support for hybrid cameras

Designed for shooting on-the-go with compact system cameras, the GorillaPod Micro 800 offers the versatility and stability of full-size supports, without the extra baggage. Durable zinc alloy legs auto-fan open for instant set-up, and rubberized feet grip any surface to prevent resonant vibrations. The machined aluminum miniature ballhead allows 36° of movement in any direction for precise composition control, so you can capture crisp macro shots or low-lit sweeping landscapes at a moment's notice.

Size 8.5 x 2.8 x 2cm / 3.4 x 1.1 x 0.8"
Weight 65g / 2.3oz
Adapter Universal 1/4" tripod screw
Quantity CP = 4 / MC = 40

Sleek, always-on design

Designed for hybrid compact system cameras up to 800g (1.75lbs)

Video tripod optimized for pocket/mini-cams

Remove the shakes from your handheld video recording with the GorillaPod Video. Compact and adaptable, the on-the-go video tripod combines versatile positioning with durable stability for seamless video recording. Position the omni-directional 180° ballhead at the perfect angle to frame your subject, and then follow the action with smooth 360° pan and 135° tilt. Capture your next YouTube video, memorialize the game-winning goal or immortalize your favorite band in concert with the GorillaPod Video.

Designed for compact video cameras up to 325g (11.5oz)

Smooth 360° pan and 135° tilt

Size 18 x 3 x 3cm / 7.2 x 1.2 x 1.2"
Weight 80g / 2.8oz
Adapter Removable clip with universal 1/4" tripod screw
Quantity CP = 4 / MC = 40

Precise ballhead positioning for hybrid cameras

Featuring an integrated aluminum ballhead with ±90° tilt and 360° pan, the GorillaPod Hybrid is the most versatile, portable tripod available for compact system cameras. Rock-solid stabilization and precise positioning allow you to capture professional-quality images without the size and weight of a traditional tripod system. And, for even more versatility, add a flash shoe accessory to ensure perfect lighting at your next shoot.

Size 26 x 5.5 x 5.5cm / 10.1 x 2.2 x 2.2"
Weight 191g / 6.4oz
Adapter Removable clip with universal 1/4" tripod screw
Quantity CP = 4 / MC = 40

Flash shoe clip accessory available

Available in gray and red

Designed for hybrid compact system cameras and flashes up to 1kg (2.2lbs)

Stability on-the-go for SLRs with telephoto lenses

Designed with the serious photographer in mind, the GorillaPod SLR-Zoom is built to support SLR cameras with telephoto lenses and video cameras. It is sturdy, compact and flexible, which makes it a must-have for any passionate enthusiast's gear bag. Works well with or without a ballhead, including JOBY's Ballhead for GorillaPod SLR-Zoom.

ballhead

Works well with or without a ballhead, including JOBY's Ballhead for GorillaPod SLR-Zoom.

Size 25 x 6 x 6cm / 9.8 x 2.4 x 2.4"
Weight 241g / 8.5oz
Adapter Universal camera adapter (1/4" tripod screw) and 3/8" adapter screw (included)
Quantity CP = 10 / MC = 50

Sturdy aluminum construction for professional support

Designed with the professional in mind, the GorillaPod Focus is the strongest and largest GorillaPod! Sturdy enough to support SLR cameras with larger telephoto lenses, battery packs, and digital video cameras, the GorillaPod Focus provides the stability of a professional tripod at a fraction of the size and weight. Use it with or without your own professional ballhead, including JOBY's Ballhead X for GorillaPod Focus.

ballhead X

Works well with or without a ballhead, including JOBY's Ballhead X for GorillaPod Focus.

Size 29 x 6.5 x 6.5cm / 11.4 x 3.6 x 3.6"
Weight 500g / 1.1lbs
Adapter Permanent universal 1/4" tripod screw and 3/8" adapter screw (included)
Quantity CP = 4 / MC = 40

Machined aluminum sockets for flexibility + extra stability

Designed for professional SLR cameras with zoom lenses + large camcorders up to 5kg (11lbs)

Designed for prosumer SLR cameras with zoom lenses; camcorders up to 3kg (6.6lbs)

Use with or without a professional ballhead

Available in gray and red

GorillaMobile products unlock the full potential of the feature-rich iPhone and iPad devices with sleek protection, ergonomic positioning and improved productivity solutions. Boost your creativity in every situation: capture a photo, watch a video or follow a recipe.

Unleash your iPhone for steady photos + video

If you think your iPhone 4 is amazing, watch it get even better with the GorillaMobile for iPhone 4. The stand-alone bumper case shields your phone in your pocket or on-the-go, and when you combine it with the flexible tripod, you get the most adaptable positioning stand out there! Wrap it around a tree on your hike to capture the landscape (and you!), perch it on your desk for FaceTime calls or attach it to the treadmill to watch your favorite show.

Limber adaptability with infinite poses

Become a yoga master and stretch the limits on comfortable iPad positions with the GorillaMobile Yogi for iPad 2. With limber yet sturdy legs, Yogi can twist and bend to stabilize your iPad on any uneven surface or wrap around fixtures—from your lap to your kitchen cabinets. Removable legs can be quickly adjusted from portrait to landscape for optimal viewing. Cuddle up with the Yogi and it will quickly become your new best friend.

Designed for iPhone 4 and compact cameras up to 350g (12.3 oz)

Weight Case: 147g / 5.2oz
Legs: 111g / 3.9oz

Quantity CP = 4 / MC = 40

Portrait + landscape orientation with adjustable viewing angle

Designed for iPad 2

Revolutionary protection + ergonomic positioning

Inspired by the folding art of origami, the GorillaMobile Ori for iPad 2 is an innovative product that delivers agile stability in a sculptural form. Engineered from a special aluminum composite used in high-performance cars, the Ori stand delivers strength while maintaining lightweight mobility. From sleek protection on-the-go to a productivity-enhancing multi-position wonder, the Ori allows you to ergonomically read the news, conduct a video conference via FaceTime, or quickly type that final email before you catch your flight.

Designed for iPad 2

Portrait to landscape orientation swivel with adjustable viewing angle

Size Closed: 19.4 x 1.8 x 24.4cm / 7.6 x 0.7 x 9.6"
Max Height of Elevated Stand: 34.3cm / 13.5"
Weight 415g / 14.6oz
Quantity CP = 4 / MC = 40

GorillaTorch hands-free lights are powered by brilliant LEDs designed to tackle any task. Ready for emergency roadside situations, middle-of-a-party sink repair, DIY projects or your next outdoor adventure, the GorillaTorch line offers the perfect tool to lend a hand.

Redefining hands-free illumination

The GorillaTorch, with its flexible legs and magnetic feet, secures to virtually any surface, allowing you to cast a bright, focused beam of light hands-free. The integrated dimmer switch allows you to adjust the intensity, up to 65 lumens, for use in any scenario. Pop it under the car hood to check the engine, attach it to the bedpost for lights-out reading, secure it to a tree branch to illuminate your campsite - or straighten the legs and use it as a handheld while walking the dog.

65
LUMENS

Available in gray, orange, yellow, and blue

Size 20 x 7.5 x 6.5cm / 7.9 x 3 x 2.6"
Weight 185g / 6.5oz (including batteries)
LED 65-lumen CREE LED
Batteries 3 AA
Quantity CP = 4 / MC = 40

Powerful LED light with handy emergency strobe

The GorillaTorch Flare is equipped with additional emergency features, including 100 lumens of attention-grabbing output, a strobe option for signaling, and rubberized end caps for easier handling and increased durability. Choose between low, medium, high, or flashing white light, or still or flashing red light. Featuring flexible + bendable legs and magnetic feet, the GorillaTorch Flare will attach to just about anything, freeing your hands for more important tasks.

Size 20 x 7.5 x 6.5cm / 7.9 x 3 x 2.6"
Weight 185g / 6.5oz (including batteries)
LED 100-lumen CREE LED
Batteries 3 AA
Quantity CP = 4 / MC = 40

6 light settings, including red + white strobe

100
LUMENS

Ruggedly precise, tactical + rechargeable LED light

The GorillaTorch Blade is an adaptable, high-performance, rechargeable flashlight designed for the mechanically-minded tinkerer and DIY enthusiast. With an adjustable spot to flood CREE LED and power boost feature, it can produce up to 130 lumens of intense output. Wrap or mount it virtually anywhere using its strong magnetic feet and bendable legs, or remove the aircraft-quality aluminum housing from the stand to use in-hand. For extended use, the GorillaTorch Blade is equipped with a rechargeable lithium-ion battery which can be charged using the included AC adapter or any computer USB port.

130
LUMENS

Rechargeable by USB cable or AC adapter (both included)

Size 15.8 x 7.6 x 3.4cm / 6.2 x 3 x 1.3"
Weight 193g / 6.8oz
LED 130-lumen CREE X-Lamp XP-C LED
Batteries Rechargeable lithium-ion, with USB cable and AC adapter (included)
Quantity CP = 4 / MC = 40

Transforms from outdoor lantern to headlamp

The GorillaTorch Switchback transforms from a compact lantern to a high-performance headlamp using a single light engine. Hit the trail with the headlamp when you need solo lighting, then fold into the lantern housing to illuminate group meals at the campsite. The high-efficiency CREE LED spotlight is adjustable from 5 to 130 lumens, with 2 white LEDs for flood lighting and 2 red LEDs to preserve night vision. The Switchback's smart ergonomic design features a rugged yet sleek exterior - the perfect companion for your camping, climbing, or backpacking exploits.

Size Closed: 11.5 x 8.5 x 5.4cm / 4.5 x 3.3 x 2.1"
Open: 16.6 x 8.5 x 5.4cm / 6.5 x 3.3 x 2.1"
Weight 250g / 8.8oz (including batteries)
LED 130-lumen CREE X-Lamp XP-G LED, plus 2 white + 2 red flood LEDs
Batteries 2AA
Quantity CP = 4 / MC = 40

Compact, lightweight lantern + headlamp design
